Custom Built Surveillance

All ezCCTV surveillance systems are custom built to your requirements. ezCCTV use only the highest quality components and can build to your specifications. We can even apply your company's logos to the system as well any other advanced settings you may require prior to installation. All of our surveillance systems are fully soak tested for at least 72 hours and undergo a series of over 200 rigorous checks before shipping. All systems are also backed by our ezVision 3 Year warranty.
